

WHAT IS HOPE FOR THE FUTURE?

The Hope for the Future is an educational workshop that provides information for caregivers on how to care for those with Alzheimer's or any form of dementia. Professional speakers from the fields of medicine, law, nutrition and exercise address important issues that caregivers face daily. This is a full day seminar and provides breakfast, lunch and relaxing amenities, all at no cost to the caregiver. If you are a professional caregiver or student, Continued Education Units (CEU's) are offered for a small fee.

CAREGIVER FUNDS

If you are a caregiver who would like to attend the workshop, but need financial assistance paying for someone to provide care for your loved one, we can help! There are funds available to family and friend caregivers to offset the cost of providing licensed care for your loved one so you can attend the workshop. **Please check the box: Caregiver Funds Requested.**

ABOUT ALZHEIMER'S ARKANSAS

Our mission is to provide the information and support needed so that all Arkansans affected by Alzheimer's disease and related dementias are able to live with dignity and comfort until a cure is found.

OUR SERVICES INCLUDE: Toll-free 24-hour telephone support for caregivers, Family Support Groups, Family Education Sessions, In-Service Training for Professional Caregivers, Community Awareness Presentations, Monthly Newsletters, Public Policy Advocates, Financial Assistance for Caregivers, Art Therapy, File of Life Program, and a Lending Library.

SPEAKERS

Lori LaBey, Founder of Alzheimer's Speaks, is a passionate advocate who searches for ways to shift our dementia care culture from crisis to comfort. She was recognized by Sharecare and Dr. Oz as the #1 Influencer Online for Alzheimer's. As a professional speaker and daughter of a mother with dementia for over thirty years, Lori gets it!

Mark A. Pippenger, MD, is a Behavioral Neurologist with 20 years experience in treating patients with Alzheimer's disease and other forms of dementia. A native of Arkansas, he works at UAMS with his time divided between Geriatrics and Neurology with a special interest in neurological diseases affecting memory, thinking, and behavior. He is a member of the American Academy of Neurology, and is board-certified by the American Board of Psychiatry and Neurology.

Melanie Pilcher, PharmD is the Clinical Pharmacist with the Thomas-Lyon Longevity Center located at the Reynolds Institute on Aging at UAMS. At UAMS, Melanie regularly consults with clinicians and families concerning medication issues. Melanie's professional interests center around providing education to

community seniors regarding drug education, compliance issues, polypharmacy concerns and other issues related to prescription and over-the-counter medications.
