MISSION
To help family caregivers in Arkansas whose loved ones are affected by Alzheimer's disease and other forms of dementia.

VISION
Family caregivers in Arkansas are confidently prepared to care for themselves and their loved ones affected by Alzheimer’s disease and other forms of dementia.

SUPPORT
Caregivers, family members, and friends of someone with dementia often feel overwhelmed. With over 70 volunteers, we offered over 60 monthly support groups around the state.
We also speak with hundreds of caregivers throughout the year via our 24/7 hotline. We always have a trained, live representative ready to assist in times of need!

EDUCATION
Through nine caregiver workshops and six monthly lunch and learns, our organization educated caregivers around the state. It is our goal to provide tools, tips, and local resources that create a more successful caregiver journey.

FINANCIAL ASSISTANCE
Almost 40% of caregivers over the age of 65 will pass before the person for which they are caring. Offering grants to families who need a break can significantly reduce this risk. Our grants allow family caregivers to hire a professional, friend, or family member to care for their loved one while they take this break.

CAREGIVER GRANTS PAID = $199,388

A YEAR IN REVIEW
In 2018, we celebrated 34 years of dedicated service to Arkansas caregivers in need. Through community support, we were able to continue offering education, support, and financial assistance to families around the state. We continued to break records as we helped 16,772 caregivers!
We look forward to passionately serving even more caregivers in 2019. Our organization is always committed to helping the forgotten patient: the caregiver. If you would like to join us on this journey, please consider volunteering, donating, or becoming an advocate for Alzheimer’s Arkansas. Call, email, or visit our offices to learn more about the work we do and how you can help us achieve our mission!
